COAST CLIPPINGS.

Prairie fires are raging in the vicinity of Denver, Col.

William Batcher committed suicide at Albany, Or.

Charles Withers, 12 years old, was accidentally drowned at Albany, Or., by falling into a mill race.

S. E. Waters fell from a bridge 105 feet high near The Dalles, Or., on the 18th, killing him instantly.

The editors of two papers at Tombstone, A. T., have gone to Sonora with their seconds to fight a duel.

One hundred guns were fired by the San Francisco Republicans Wednesday in honor of the Maine victory.

Mrs. M. E. Wilson and her son, examined at Nevada City on a charge of poisoning James Wilson, has been discharged from custody.

A Convict Hangman. The Russian hangman is a convict who was sentenced to death for robbery and murder, but the penalty was commuted to imprisonment for life upon the condition that he should perform the duties of executioner whenever called upon. He has been confined in Moscow for the past fifteen years, and is sent from there under a strong guard to Kieff, Odessa and St. Petersburg, as his services may be required in one or the other of those cities. A visit to this man is described by Victor Tissot, a French author, in a work on Russia and the Russians, recently published in Paris. He found the executioner reposing after the exertion of hanging two Nihilists, Pressniakoff and Kaviatowski. A young woman of attractive appearance, with a child in her arms, was with him. She was his wife. The comforts of matrimony had not been denied him, and he seems to have had no difficulty, notwithstanding his condition and work, in finding a woman to marry him. The hangman's face is described as stolid rather than terrible or repulsive. He has abnormally long arms, and is said to be possessed of herculean strength. He was spoken of as having "the strength of twenty men." One day there was a revolt in the prison, and he was summoned to help subdue the prisoners. He rushed in among them and killed three with his bare hands.

The Southern Farmer and Planter of Richmond, Va., in a recent presentation to its readers of the wonderful efficacy of St. Jacobs Oil, as spoken of by those who have used it, closes by saying: "To all we commend the example and the use of St. Jacobs Oil."

EDITORIAL NOTES.

Intelligence is received of the death of Miss Clara Fitch, eldest daughter of G. K. Fitch of the San Francisco Bulletin. She was one of the most lovable of her sex, and died on the threshold of a promising womanhood, being about 23 years of age, amiable, rightly and intelligent, of a remarkably sweet disposition and bright mind, and one whom none knew except to respect. For a great many years she had been an active worker in the interest of charity, and was prominently identified with several worthy institutions engaged in the relief of the poor and the alleviation of the sufferings of the sick and distressed. A wide circle of friends and acquaintances grieve over her early death and sympathize with the bereaved parents in their deep affliction.

Mr. Blaine says he should be glad to see every Federal officer, however honorable his position, appointed for a specific period, during which he could not be removed except for cause, which should be specified, proved and made a matter of record. He should be glad to see the tenure of all subordinate offices made longer at least than a Presidential term, so that the incoming of a new Administration would not be crippled or injured. Seven years would be a good term and effect the desired end. Upon this proposition he would like to squeeze into the Presidency.

Vermont fired the first gun of the campaign, rolling up its usual majority for the Republican ticket. But this was expected. The Republican star never sets in the Green Mountain State and the Democracy had no hopes of effecting any change in that intelligent State of school-houses and churches.

The next House of Representatives will consist of 325 voting members, of whom a majority will be 163. There will be in that House 121 Representatives from the solid Southern States.

Judge Hoffman decides that Chinese sailors who shipped at San Francisco before the restriction law went into effect, and returned there direct, should be allowed to land.

Beware of false issues! The main question to be decided at the coming Congressional elections is who can best be trusted to count honestly the next Presidential vote.

General Roscreans has indicted a colossal platitudes upon the Woman's National Industrial League, which will probably disintegrate the society.

It is said that the star route trial has cost the Government about \$200,000.

Burnt Oil Works—Fireman Killed.

NEW YORK, September 15.

During the thunder-storm last night lightning struck Lane Fleming's oil works at Kingland and Mersolore avenues and Donaldson's oil works in Kingland, near Meeker avenue, setting them both on fire. Both buildings were destroyed and a fireman was killed.

The Yellow Fever.

GALVESTON, September 14.

The news from Matamoros is that six deaths occurred during the last 24 hours. The fever is sudden and startling and on the increase. There are 20 cases of fever at Fort Brown. The troops have been moved from Camp Smith 10 miles down the river on a high bluff.

Tracy to Hang.

CHICAGO, September 14.

The Supreme Court has refused to interfere to prevent the execution of Tracy here to-morrow. His counsel went to Springfield to-day to secure a pardon or reprieve. Preparations for the hanging are completed. Tracy still protests his innocence.

New Trial for the Star Route.

WASHINGTON, August 15.

The verdict in the case of Minor and Rerdell has been set aside, and they have been granted a new trial.

EGYPT'S TROUBLES.

Arabi a Prisoner and the War Practically Ended.

LONDON, September 15.

The war office has received the following from General Wolseley:

BENTA, September 15.—General Lowe has occupied Cairo. Arabi Pasha and Toubi Pasha have surrendered unconditionally. Ten thousand troops at Cairo have laid down their arms.

PORT SAID, September 14.

The English advance guard arrived at Cairo by rail. They were received enthusiastically. All personages of rank concerned in the rebellion have made submission.

ALEXANDRIA, Sept. 13—5:20 P. M.

Arabi Pasha and Toubi Pasha arrived at Cairo last night. They are both virtually prisoners.

TEL-EL-KEBIR, September 14.

The British casualties in Wednesday's fight were: Killed, nine officers and forty men; wounded, twenty-two officers and 390 men. The enemy's loss is estimated at 1,500 killed and wounded.

Gen. Wolseley has gone forward on his way to Cairo.

ALEXANDRIA, September 14.

The offer to surrender Kafr-el-Dwar is not unconditional.

It is reported from Cairo that the Prefect of Police has arrested Arabi Pasha.

Nothing final has been done in regard to arranging the details relative to the surrender of Kafr-el-Dwar.

General Wolseley insists that Reouf Pasha shall negotiate with him. It is expected that the Aboukir forts will surrender. The British took possession of the earthworks of Kafr-el-Dwar this afternoon.

ZAGAZIG, September 14—9 P. M.

The English troops are now entering Cairo. Gen. Wolseley to-day, in reply to a deputation of chiefs from Tel-el-Kebir, who asked that the country be spared the humiliation from the further advance of the British army, said he would occupy Cairo to-night.

The Sultan telegraphed General Wolseley, offering him congratulations on his splendid victory and requesting him, now that the neck of the rebellion is broken, to stop the march of his army into the interior. General Wolseley referred the Sultan to London for a response of his request.

ALEXANDRIA, September 15.

The Khedive and Sir Edward Malet, British Consul General, will proceed to Cairo as soon as the road is opened. All officers' submission must be made to the Khedive nominally, but to General Wolseley the actual surrender.

It appears that Kafr-el-Dwar has not yet been occupied. Negotiations for its occupation are expected to be concluded this afternoon. The announcement that the British had entered the earthworks yesterday was a misconception. Only Generals Wood and Harman rode in with a small party in consequence of a display of flags of truce. Roubi Pasha, commandant of troops at Meke, is said to be deeply implicated in the rebellion.

LONDON, September 15.

The following additional dispatch is received from General Wolseley from Cairo: "Arabi Pasha and Toubi Pasha are both confined in our guard rooms. I will now change my base from Ismailia to Alexandria."

General Wolseley has arrived at Cairo, whence he sent the following: CAIRO, September 14.—The war is over. Send no more men from England. Midshipman Dechair is safe. I have been received here with open arms by all classes. The soldiers are glad to return to their homes. Our cavalry did extremely well in a long forced march yesterday.

Flattering Wolseley.

LONDON, September 14.

General Wolseley's victory is the principal topic of the European press this morning. The French papers compliment him on his grand qualities. The German journals, while admiring the decisiveness of the battle, are disposed to treat the political question separately. In Vienna and Madrid the event forms almost the only topic of conversation.

EASTERN DISPATCHES.

Lots of Lumber Burned.

TOLEDO, O., September 15.

This morning a fire broke out in the extensive lumber mills of the Mitchell & Rowland Lumber Co., entirely destroying them. The fire spread to large piles of lumber with which the yards were filled, and before the flames were checked some thirteen million feet of lumber were consumed. Loss on the mill \$100,000; insured for \$60,000; on lumber \$220,000, which is covered by insurance.

Horrible Death.

CHICAGO, September 15.

At the Joliet Rolling Mills yesterday James Ferguson swung a ladle so carelessly as to pour five tons of molten steel into a pit where he stood, roasting himself instantly.

Melville's Accusation.

NEW YORK, September 14.

Engineer Melville was given a public reception to-day at the City Hall. As he entered the Governor's room he recognized an old friend, Chief En-

gineer Danby, of the United States Navy (retired), and rushing up to him, clasped him in his arms and kissed him again and again. Two thousand citizens paid their respects to Melville, who shook hands warmly with each visitor. The banquet to-night was attended by about 200 of the best-known citizens. An address of welcome was delivered by Judge Brady, and Melville made a short response. Mayor Grace and others also made addresses. Ninderman arrived late. He was loudly cheered.

LIEBIG MALT EXTRACT.

RECOMMENDED BY PHYSICIANS of the highest eminence on both sides of the Atlantic, as an invaluable Tonic and Restorative in cases of General Debility, Nervous Depression, Rheumatic Constitution and Female Weakness.

NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their troubles. It stimulates the secretion, sharpens the appetite, fortifies and builds up the entire system, and excites a generous flow of milk.

WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It builds up the system to its normal condition and brings back the bloom of youth.

DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the system to its normal condition.

WEAK AND DELICATE PERSONS GENERALLY, who require some artificial restorative—and especially those who are inclined to Consumption—will find this preparation equally suited to their needs. It is so perfectly adapted to the system, and so easily assimilated, that it is a safe and reliable remedy for all the above ailments.

AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestion of food-producing fluids, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT EXTRACT is a pure concentrated Fluid Extract of Malt, agreeable to the taste, and free from alcohol. Mrs. Senator Fair of Nevada was yesterday elected an honorary member of the Woman's National Industrial League, which has been organized in Washington, D. C.

The youngest daughter of Mrs. Ordway, Miss Lilly, who is confined with scarlet fever, is improving. The disease does not seem to be spreading, but parents cannot be too careful, as the present changeable weather is apt to bring with it many germs of disease.

A Cutting Scrap.

Last night about 11 o'clock, Nettie Bowen, a lewd woman of the back alley, had a protracted fracas with her "lover," Jack Landy. After considerable mutual abuse she stabbed him in the left breast with a pocket-knife, inflicting a wound that may become dangerous. After cutting the man, she went to the jail and got Deputy Sheriff Gray to go and see how badly he was hurt. Mr. Gray went and looked into the matter, and arrested the pair of them; and they now rest in the county jail. About four years ago Miss Nettie was unfortunately near at hand when Bill Davis killed Louis Ash in Virginia.

A Patent Bed For Married Men.

The patent spring-bed has been remodeled. The one for two-in-a-bed is so arranged that the part the wife lays on can be set by the husband, unknown to the former, and it springs her out of bed and stands her on the floor at any hour for which it is set. It then remains turned up on the edge, so she can't get back again, at least on her side of the bed; and she won't come back on his side, for she's too all-fired mad to come near him. So the result is she is compelled to dress and go down stairs and see to breakfast, and the old man will get a rest. Oh, it's a daisy!

Organization.

The Nevada Theater has been engaged for Tuesday evening next by the young men organizing the Republican Club. Music by the band and songs by some of Reno's vocal talent will be intermingled with the remarks of members and organization exercises, and a general invitation extended to the public to be present.

Some to Fetch Coin.

B. H. Miller, Jim Doyle, L. E. Chaffield, John Taylor and Mr. Harrison went below last night to receive \$83,000 for their mine, located in Cottonwood district, which they have sold to San Francisco parties. It is said to be a good mine, showing average assays of \$235 per ton—which is certainly better than good.

THE SACRAMENTO FAIR.

A Spicy Letter From the "Gazette's" Representative.

SACRAMENTO, September 14. Sacramento is reaping her annual benefit from the California State Fair. The town is filled with strangers from all parts of the State. Hackmen yell themselves hoarse drumming up the weary stranger to "get right aboard for the Fair ground." The saloons and hotels are coining money, while the dry goods merchant, grocer, jeweler, and, in fact, men and women in every branch of trade are "turning an honest penny."

MONDAY AND TUESDAY'S

Races were well attended and quite interesting. Monday the favorites crossed the score snuffing the dust of the "short end" nags, giving the grangers and cowboys a chance to fill their purses at the expense of those of the sporting class. Tuesday the favorites went to the front, giving the pool box boys a chance to "play even." Wednesday's speed programme was well arranged and exceedingly interesting. The small buyers made a killing and several from Reno, who had played in a small amount of the day before (all they had, however), were fortunate enough to get a block of winning tickets, which will enable them to stay another day or two, unless they fall to-day. One young man from the "boom town" has made up his mind that a day spent on the Sacramento quarter stretch with a pocket full of losing tickets is not calculated to contribute very considerably to one's store of good nature, and when he returned to the city Tuesday night, weary and hungry, a good dinner, he thought, would make him feel better. The dinner, however, was poor, and he retired to his room thoroughly disgusted with Sacramento and her Fair. The musical hum of the festive mosquito, with a prod from his nest little bill, told the rest of the story, and if a special train could have been chartered the good people of Reno would have listened to his tale of woe ere this. His winning yesterday has made him good-natured, and he will remain another day.

THE PAVILION

Is well filled and presents a beautiful appearance evenings. Last night the large building was crowded with people from all parts of the coast. The sturdy old granger was present viewing the fruits and cereals from the foot hills and valley ranches; the "young man from the city" was on the floor making "mashes" on the pretty girls from the country while the dear old mother was trailing along two open lengths behind, with her eyes on the giddy young things, making the pavilion more a place to see and be seen than an exposition of the agricultural products of the State.

COMING TO RENO.

Horsemen are making arrangements to go to Reno immediately after the San Jose meeting. From all I can learn Reno may expect a better attendance from this side of the mountains than ever before. C. W. Welby of San Francisco intends going over with Star King, a trotter with a record of 2:23, and Dot, a beautiful little mare as yet untied. James Garland, Oakland, will take Rowdy Boy, with a record of 2:30 1/4. S. Spencer intends going up with Nettie R, a trotter, and Washington, a pacer. A. J. Stunler will be there with his stable of runners, consisting of Joe Howell, Fred Collier and Jim Renick. Howell made a mile yesterday in 1:44. Thos. Delaney, San Francisco, will take Frank Rhodes, Capt. Kidd and Lizzie P, all runners. Leo Shanner thinks he will go with his runners, Night Hawk, Joe Daniels Jr. and Haddington; C. Van Buren with Forest King and Flow Flow, both runners, and Manon, trotter. Jim Brown, Salt Lake, thinks Maria F, Duke of Monday, Eschre and Red Boy can win a few dollars at Reno and will have them on the track. J. B. McDonald, Marysville, will go with Brigadier. J. Goldsmith, San Francisco, has one of the winning stables here and will take his trotters to Reno. Romero, Director, Sweetness and Gibraltar, with records between 2:25 and 2:22, have played a prominent part in the week's sport here, and under Goldsmith's steady rein will show the eaglebrushers the fastest time ever made on the Reno track. Theo. Winters will ship Atlanta and a two-year-old filly in a day or two. D. H. Rapp, with his Long Valley Maid, will be there. Ashley, Tump Winston, Slim Jim, General and several others not unknown in Nevada, will answer to roll call on October 2. Reno can make calculation on having a large crowd from California to entertain. B.

Reno Guard.

All members of Company C, N. S. M., are expected to be present at the armory to-night at 7:30 o'clock. Those who are to take part in the exhibition drill at the ho, one week from to-night will be selected by the Captain this evening, and any member who is not present will not be allowed in the ranks on the night of the dance, as the company will commence a certain course of drill to-night and not change from it until after the exhibition.

Need of Operators.

The Pacific coast is short of telegraph operators. The Virginia City, Sacramento and San Francisco offices are all short-handed.

PERSONALS.

A long tea-train went east last night. Lots of emigrants last night—118?

A fine day for the race—the human race.

A car-load of fruit from Auburn, Cal., went east this morning.

The high wind this morning will pass for the equinoctial storm.

Old Lige says it is more trouble to keep hell out of men than to keep men out of hell.

The specifications for the new building for the W. C. T. U. can be seen at their rooms in the Granger building.

Candidates for delegates to the coming Republican County Convention are in demand. Who will volunteer?

The express this morning had to wait about half an hour for a special freight. The railroad business is very lively just now.

Poley, Heilson & Co. of Winnemucca have 860 head of beef cattle on the way to San Francisco. A train load passed through last night.

The indications are that mutton will be very scarce in this section of the State next Winter. Already the supply is somewhat intermittent.

To-morrow will be the Mexican Fourth of July—the anniversary of the independence of Mexico. There are but few natives here to celebrate.

Several coops of chickens went to Bodie by express this morning. It is much like "sending coals to Newcastle." The best poultry ground in the world is along the shore of Mono lake, where hens and ducks can find feed all the year round.

Miss Fannie M. Strong, daughter of Rev. A. K. Strong, D. D., of Lima, Livingston county, N.Y. was one of the party of Presbyterian missionaries who went through Reno last night, to sail for China on the first steamer from San Francisco.

Jewish New Year.

The Rosh Hoshannah is one of the great days observed by Israelites, the other being the Day of Atonement. In Biblical times the day was observed with proper ceremonies, during which a horn is blown. This custom is still followed, three blasts being blown three times. The Talmud designates of what the horn shall be constructed which is to be blown on this day, viz.: a straight horn of a wild goat, the mouthpiece plated with gold. On no occasion must a heifer's horn be used for a trumpet or cornet, that God may not be reminded of the sin of the golden calf. The orthodox Jews observe the holiday for 48 hours, which ends to-night.

The Monkey Enjoyed It.

The Truckee Republican says an itinerant lottery show, consisting of a man and wife with a performing monkey, held forth on the plaza the other night before a mixed crowd of boys, men and hoodlums. It is presumed that the more unfortunate ones among the audience, failing to draw any prizes, resolved on revenge. A small scattering of rotten eggs and other missiles greeted the unfortunate couple and forced them to retreat in confusion. No arrests were made, but the monkey rather seemed to enjoy the fun.

Hank's Injuries.

There is a good deal of talk about how Hank Rhodes got hurt, but the best explanation is that Hank was sitting in a saloon hall asleep when somebody sung out "fire!" The veteran fireman instantly jumped out of a window and hollered for "48." When he landed he was all broke up, having gone through the top of a China wash-house and made a grand mash of things in his way. Now he don't like Truckee jokes, but his sudden rush downward scared a tame bear to death.

New Mining District.

A new mining district has been formed, located on the east side of Light's canyon, about eleven miles from Greenville, and is to be known as the Emerald District, so called from the lake of the same name that lies within the district.

Much Obligated.

"ED. GAZETTE: I wish to thank my friends in Reno and Herman Wright particularly for the timely help extended me since I was burned out. The considerable sum of ready money raised came in excellent good time. J. E. FOWLE.

Work for the Officers.

A. E. Henn of Washoe has been arrested for obstructing the V. & T. track. When Mr. Joy tried to arrest him he resisted. Judge Harcourt has sent for District Attorney Rankin to come and prosecute the case.

MIDDLE-AGED MEN.

There are many at the age of thirty and
sixty who are troubled with too frequent
evacuations of the bladder, often accompanied by
slight smarting or burning sensation and a
weakening of the system in a manner the pa-
tient cannot account for. On examining the
urinary deposits aropy sediment will often
be found, and some small particles of albu-
men will appear, or the color will be of a thick
milky hue, and changing to a dark and
torpid appearance. There are many men who
die of this difficulty, ignorant of the cause,
which is the second stage of seminal weak-
ness. Dr. S. will guarantee a perfect cure in
all such cases, and a healthy restoration of
the genital-urinary organs.

Office Hours: 10 to 4 and 8 to 8. Sundays
